

CREATING, PERFECTING & DELIVERING FULFILLING OPPORTUNITIES

OUR VISION & MISSION

NETBOX RECRUITMENT WAS BORN FROM A DESIRE TO DO THINGS DIFFERENTLY...

Our mission has always been clear, to provide a 'refreshing approach' to recruitment by working tirelessly to counteract the shortcomings of the wider industry where customer service is often neglected. We also vow to remain at the forefront of the industry's leading innovations, consistently embracing the latest technology whilst continuing to evolve and perfect our approach. We take great pride in creating fantastic opportunities for businesses and candidates. We are renowned for delivering on the promises we make and the expectations we set.

WHAT THIS MEANS FOR YOU

WE ARE YOUR BUSINESS PARTNERS IN TALENT ATTRACTION, YOUR BRAND AMBASSADOR IN THE LOCAL JOB MARKET...

Your recruitment business partner will fully manage your talent attraction programme, meeting with you to discuss your requirements. After gaining a full understanding of your company's operations and culture, we will start the search to attract the best talent for your business. Using the latest technology, online portals and our expansive talent network, we will present a selection of candidates, all of whom we will have met in person to have gained a comprehensive understanding of their unique range of experience and skill-sets. After appointing the successful candidate, we will also implement a thorough after-care process. Our service is backed up by our Talent Guarantee, whereby we will recruit again at no cost if any candidate falls short of your expectations in line with your company probation period.
